## Genesis Song

### Chorus 1

**G Bb C Bb A**

Genesis, Genesis, tell us what God's story is  
And how He let's us play a part in it  
We threw away life in a garden green, believed the serpent's lying scheme  
But God has a plan to come save us

### Verse 1

**Em C GD**

God showed His love through Noah  
God said "Build a boat so you can float while I wash evil away".  
And God showed His love through old Abraham

**Am C D D7**

When Abe put his son on the alter, God provided a ram

### Chorus 2

**G Bb C Bb A**

Genesis, Genesis, tell us what God's story is  
And how He let's us play a part in it  
God grabbed Lot from a sinful town, just before He burnt it to the ground  
God has a plan to come save us

### Verse 2

Then there was Jacob and Esau  
Jacob stole from his brother but found that God does forgive  
And Jacob's son Joseph sold into slavery  
His father thought him dead until he found out he lives!

### Chorus 3

**G Bb C Bb A**

Genesis, Genesis, tell us what God's story is  
And how He let's us play a part in it  
Like Joseph, sold, considered dead, he chose to love and forgive instead  
God has a plan to come save us

Genesis, Genesis, tell us what God's story is  
And how He let's us play a part in it  
You show us God's plan to come and how He'd rescue through His Son  
God never stops from loving us...
