WHALE SPIT

Capo on 3

G C

Well, it starts out with a man named Jonah

G D

God said, 'Jo, you gotta go, man

G C G D G

Go on to Ninevah and tell all the men and the women just who I am'

G D/F# Em C G

But he ran - oh, he ran the other way

G D/F# Em C G

Yes, he ran - he ran the other way

Well, he found his boat in a big, big storm

It rocked and it rolled and it got upturned

The crew blamed Jonah for running from the Lord and threw Jonah overboard

He said, 'Something fishy's goin' on around here

I don't know and I can't here

But here comes a whale - oh dear, oh dear - Oh no!'

So he didn't go to Ninevah - he's feeling like a ninny

In the belly of a whale he sits

But he prays to the Lord for a little bit of help and then the whale spit

He spit old Jonah out on dry land

God said, 'Jo, you gotta go, man

Go on to Ninevah and tell all the men and the women just who I am'

So he goes and he knows he's gotta obey

Oh, he goes and he knows he's gotta obey

So Jonah talks and the people hear

They listen with their hearts and they listen with their ears

And all because Jonah obeyed

And followed what the Lord did say

Yes, he followed what the Lord did say

So just like Jo, you know you've gotta obey

So be like Jo 'cause you know you've gotta obey

So take this story and learn from it and you'll avoid your own whale spit

It won't always be the easy thing to do, but it's gonna be good for you

Yeah, it's gonna be good for you
