

# Whole Wide World [B]

&nbsp;

## Capo 3

Before there was anything, nothing ever was  
Nothing ever was  
Nothing ever was

God created everything, everything that was  
Everything below us  
And everything above  
How'd he do it?

**G**  
Day one - he made the day and the night

**D**  
Day two - he made the big blue sky

**G**  
Day three - he made the land and the sea

**Em C D G**  
God made the world and God made me

**Em C D G**  
God made the world and God made me

**G**  
Day four - he made the sun in the sky

**D**  
Day five - he made the birds that fly

**G**  
Day six - he made people like me

**Em C D G**  
God made the world and God made me

**Em C D G**  
God made the world and God made me

**C D**  
The whole world, the whole wide world

**Em G**  
From the fish in the sea to the tiny honeybee

**C D**  
The whole world, the whole wide world

**Em G**  
From the widest river to the tallest tree

How'd he do it?

Day one - he made the day and the night

Day two - he made the big blue sky

Day three - he made the land and the sea

God made the world and God made me

God made the world and God made me

Day four - he made the sun in the sky

Day five - he made the birds that fly

Day six - he made people like me

## Whole Wide World

God made the world and God made me  
God made the world and God made me

The whole world, the whole wide world  
From the fish in the sea to the tiny honeybee  
The whole world, the whole wide world  
From the widest river to the tallest tree (x2)

God made the world and God made me  
God made the world and God made me  
God made the world and God...made...me
