D A Bm G

D G Bm A

There was a time back in time when nobody was doing right

D G Bm A

They were lost and telling lies - oh, it was an awful sight

CHORUS

D

You could say no one knew God

Bm

No one loved God

A G

No one was God's friend (x2)

But...

There was a man, such a man

The only one in the land

Who had the guts to take a stand and follow a different plan

CHORUS

You could say Noah knew God

Noah loved God

Noah was God's friend

Noah knew God

Noah loved God

Noah was God's friend

Ya-da-da

God said,

G A D G

"Build me an ark and fill it with things that jump and crawl and fly and then

G A D G

It's gonna rain for forty days - it's gonna rain for forty nights

G A D G

The earth is gonna have a brand new start - just you wait and see

G A D G

It's gonna start again with you because of your love for me

CHORUS

All because Noah knew God

Noah loved God

Noah was God's friend

Noah knew God

Noah loved God
